Garbage Collection Rates Amendment Bylaw No. 1053, 2009 establishes new rates for garbage collection, each household will increase by \$4.00 per year. Each household pays \$1.55 per week for garbage pickup.

Message from the Mayor

A pool committee has been started with Councillor Steve Little accepting the Chair and Councillor Darren Carpenter acting as Vice Chair. Councillor Louise Levy is working with the Nechako Valley Waste Initiative and with the support of the Regional District of Bulkley Nechako it is our hope to have a funded recycling program for at least the next 2 years.

Over the past few months we have had a number of delegations presenting their concerns to Council. From these presentations we have revised bylaws, helped community groups and worked with the business sector. We are pleased to see members of the public take the time to attend council meetings and take an interest in the process.

Since taking office in December the District of Vanderhoof Council has been very busy. In the past few weeks we have been conscientiously working on a new budget for 2009. I am happy to report that Vanderhoof may possibly be the only community in the north to have a budget with a lower tax rate than last year. We will be approving a 1% decrease in the municipal tax rate for 2009.

Throughout the duration of our term we will be faced with many decisions which will require as much input as possible from the community at large. Community input is vital in the future development of our Airport and other exciting projects including a swimming pool and a recycling program. We are already seeing community volunteers rise to the occasion with offers of valuable time, effort and know-how.

In closing, it is one of Council's main priorities to communicate effectively with residents of Vanderhoof. We want to make you aware of our successes, keep you informed of our initiatives and seek your input on issues that are important to all of us. This newsletter is one of the many tools we will be using to reach out to you. In return we want to hear from you. Please take the time to check out our web site at www.vanderhoof.ca, and then be our guest at council meetings which are held the 2nd and 4th Wednesdays of each month starting at 5:00 pm.

I look forward to hearing from you. Don't hesitate to give me a call at 567-0567 or email me at mayor@district.vanderhoof.ca

Gerry Thiessen

Community to Community Forum

Vanderhoof Mayor Gerry Thiessen presents Saik'uz Chief Jackie Thomas with a small token of appreciation. The forum was an opportunity for the two councils to share stories and discuss issues of common interest.

Wood Stove Exchange Program

Wood Stove Exchange Program every old stove that is exchanged must be destroyed. The remains will be sent to a scrap metal dealer to be recycled. The program will be available again in September.

Council Passes 1% Tax Cut

The 2009 Financial Plan calls for \$3.054 million in municipal taxes. This is down from \$3.065 million in 2008. The difference will be realized in a 1% decrease in municipal taxes.

All tax rates will be lower than last year. The municipality establishes a tax rate for every one thousand dollars of assessment for all properties within the District boundaries. For residential properties, the rate in 2008 was 4.5174, in 2009 it will be 4.4722. A \$100,000 home in 2008 would have paid \$451.74 in municipal taxes and in 2009, the same home will pay \$447.22. In Prince George the same home will be paying \$701.00 in 2009.

Individual municipal tax bills will vary depending on the assessed value of the home or business. Overall the 2009 municipal portion of a Vanderhoof Property Tax Notice will be very similar to last year. Many will see a reduction.

Left to right: Louise Levy, Steve Little, Jim Woodruff, Gerry Thiessen, Jack French, Frank Read, Darren Carpenter

Despite reducing the tax rate, the Financial Plan calls for over \$19.9 million in spending, one of the largest financial plans created by the District of Vanderhoof. This is possible because of the more than \$10.0 million in government grants that has been secured for 2009.

The District will be undertaking or completing the following projects in 2009

Airport Lighting/GPS	\$1,581,500	Fire Department	\$67,200
Historical Park Project	\$512,410	Community Trails Phase 1	\$630,410
Riverside Park Info Kiosk	\$5,000	BMX Park	\$22,200
Green Lighting Energy Conservation	\$28,100	Sports Field Project	\$487,750
Ball Park Bleachers	\$30,000	Highway16 Park	\$20,000
Burrard Street Revitalization	\$155,000	Dyking Project	\$1,750,000
4th Street Improvements	\$5,139,800	Sidewalks	\$20,000
Electrical Sign	\$26,000	Water Treatment Plant	\$1,720,000
Road Improvements	\$200,000	Arena Ice Plant/other upgrades	\$440,300
